@md.pisarski@gmail.com

Warsaw, PL

## SUMMARY

Developer with experience in building static and responsive web design. Proficient with CSS and JS Frameworks, with extensive knowledge of UX and customer behaviours. Broad-minded, independent and fast learning person. Dedicated to tasks and delivering results above expectations.

## EXPERIENCE

### Junior Frontend developer

#### Shiji Group

09/2022 - Ongoing Katowice, PL / remotely

Shiji is an international software supplier in the hospitality and retail industries. During the assessment I collaborated with PO's, QA's and PM's.

- As part of the hospitality team, provided solutions for guests like reservation dashboards, external lookup module, handled deprecated components, rewritten parts of repository from Ember to React, worked on bugs and glitches.
- SOLID understanding of best practices, processes and patterns in software development,
- Technology used - Typescript, Web Components, React and Ember.

### Junior Frontend developer

#### Softwebo

02/2022 - 09/2022 Warsaw, PL

Softwebo as a software house is being focused on delivering solutions for the pharmaceutical industry. During my assignment, the fields of project included building custom one-pagers, event pages or applications.

- Collaborated with the UX/UI designer on the invoicing management system
- Daily maintenance of code, debugging issues and solving clients' problems using React, JavaScript and pure HTML
- Implemented ad hoc solutions like a TV APP, cookie policy and quiz app
- Presented findings in a clear and concise manner to key decision-makers during the meetings
- implementing new functionalities according to business requirements

### Account Manager

#### Booking.com

04/2017 - 02/2022 Warsaw, PL

- Implementing in depth Account profiles and plans that show understanding of the complexity of the account
- Worked with an agile team of 8-12 members and provided commercial solutions for Partners
- Training, obtaining feedback, monitoring and supporting internal and external stakeholders in handling the portfolios in order to optimize their performance
- Designing and delivering: new hire on-boarding, training on new tools, products, processes and communication styles workshops
- Local Connectivity expert - Actively supporting Connectivity Partners and distribute relevant solutions, to extend the bookings XML share and increase Partners commercial performance.

## GDPR

"I hereby give consent for my personal data included in my application to be processed for the purposes of the current and future recruitment processes under the Personal Data Protection Act as of 29 August 1997, consolidated text: Journal of Laws 2016, item 922 as amended. At the same time, I declare that I have been informed of the voluntary disclosure of my personal data and the right to access to my personal data and correct it."
